Introduction to Australian Vocational Education and Training (VET)

What is VET?

Australia's Vocational Education and Training (VET) system is based on nationally endorsed industry training packages which identify specific skills and knowledge identified in a training package and be assessed as 'competent' in the selected units of competency to be eligible for the award of the qualification.

National recognition

The qualifications and Statements of Attainment issued by Cocoon International College must be automatically recognised by all Registered Training Organisations (RTOs) across Australia.

In turn, Cocoon International College recognises the qualifications issued by RTOs in all other States and Territories. This allows people to move around Australia from different employers and being confident that their qualification will be equally recognised.

What is competency-based training?

Competency based training is training that develops the required knowledge and skill to the standard of performance required in the workplace. It embodies the ability to transfer and apply skills and knowledge to the new situations and environments. Competency is achieved by being assessed against requirements of the unit of competency. Your assessor will make a judgement of your competency after reviewing all the different types of assessment evidence provided.

Training Packages

Training Packages represent the national industry benchmarks for Vocational Education. Training packages set out the competency to be achieved but do not state how the training should be delivered. This means that students may complete their qualification in different ways between various training organisations. The training package also specifies the relevant qualification rules including the compulsory core units and be included in a course and the elective units which are available.

Delivery of Training

Students will receive all the training for which they have enrolled. To be awarded a qualification, all assignments and assessments must be completed to a satisfactory level and submitted in accordance with instructions and within timeframes prescribed. Students are advised of the specific requirements to receive a qualification in their area of study as part of the enrolment and when training delivery commences.

Cocoon International College takes responsibility for the quality of the training and assessment being provided to students, and for the issuance of AQF certificates.

Results and certificates

On completing the training program with Cocoon International College, you will receive a nationally recognised qualification. The qualification is recognised within the [Australian Qualifications Framework](#). Qualifications are formatted to a uniform standard to ensure they are valid documents and will be instantly recognised throughout Australia. A qualification issued by Cocoon International College will be accompanied by a transcript which detail the units of competencies issued within the qualification.

Where a student does not complete the entire course requirements, they may be entitled to receive a Statement of Attainment. A Statement of Attainment is issued by a Registered Training Organisation when an individual has completed one or more accredited units. A Statement of Attainment can be issued as a basis for recognition of your current competence with other Registered Training Organisations within Australia.

A statement of results will be available to you upon request throughout your training. This will provide you with information on your progress.

Unique Student Identifier

If you're studying nationally recognised training in Australia from 1 January 2015, you will be required to have a Unique Student Identifier (USI). Your USI links to an online account that contains all your training records and results (transcript) that you have completed from 1 January 2015 onwards. Your results from 2015 will be available in your USI account in 2016.

When applying for a job or enrolling in further study, you will often need to provide your training records and results (transcript). One of the main benefits of the USI is the ability to provide learners with easy access to their training records and results (transcript) throughout their life. You can access your USI account online from your computer, tablet or smart phone anytime. Fact sheets are available to download [Student Information for the USI](#)

It's free and easy to [create your own USI](#) and will only take a few minutes of your time. Alternatively, we can create your USI on your behalf. To do this we will need some additional identification information from you such as your driver's licence number.

Students are advised that there are a number of unique circumstances where a person may be exempt from requiring a USI. These do not apply to the vast majority of students in Australia. The USI exemption table is available from the USI website which explains these circumstances [Exemptions from the USI | Unique Student Identifier](#) Students who exercise an exemption from submitting a USI should be aware that the results of the training will not be assessable through the Commonwealth and will not appear on any authenticated VET transcript prepared by the USI Registrar. Further details about the implications of being exempt can be obtained from the USI website.

All subsequent transfers will attract an administration charge of \$55.00 (incl. GST).

Statutory cooling off period

The Standards for Registered Training Organisations require Cocoon International College to inform persons considering enrolment of their right to a statutory cooling off period. A statutory cooling off period (which is 10 days) is a period of time provided to a consumer to allow them to withdraw from a consumer agreement, where that agreement was established through unsolicited marketing or sales tactics. These include tactic such as door-to-door sales and telemarketing. A statutory cooling off period allows a consumer to withdraw from a sales agreement within 10 days of having received a sale contract without penalty.

It must be noted that Cocoon International College do not engage in unsolicited marketing or sales tactics and therefore a statutory cooling off period is not applicable to our learners who have enrolled into a program. For refund option in other circumstances, learners must refer to the above refund policy.

Our Guarantee to Students

If Cocoon International College cancels or ceases to provide training, Cocoon International College must issue a full refund for any services not yet provided. The basis for determining "services not yet provided" is to be based on the units of competency completed by the learner and which can be issued in a statement of attainment at the time the service is ceased.

As an example: A learner enrolled in a course of 5 units of competency and paid \$1,500.00 up front as the total course fee (including enrolment fee of \$250.00). The course was cancelled due to the trainer falling ill and the learner at that time had completed 2 of the 5 units. The learner's enrolment would be finalised, and the learner would receive a Statement of Attainment for the 2 completed units. The learner would also receive a refund of \$750.00 which represents that value of the training not delivered.

Changes to Terms and Conditions

Cocoon International College reserves the right to amend the conditions of the learner's enrolment at any time. If amendments are made that effect the learner's enrolment the learner will be informed 7 days prior to changes taking effect.

- learning and assessment record,
- administrative records,

Whilst these records will be retained by Cocoon International College, you are welcome to have access anytime just ask your trainer and it will be organised immediately.

In the case of accessing a reissuance of a previously issued Statement of Attainment or Qualification certificate, if you have lost or misplaced your AQF certificate you may obtain a reissued certificate from Cocoon International College. To obtain this you must complete the Learner Records Request Form and return this to the Office Manager. The cost of \$50.00 will apply for each issued AQF certificate. These monies must be paid in advance. Reissued AQF certificates will be an exact duplicate of the original with the exception of small wording at the bottom of the document which identifies the certificate as reissued. AQF certificates may only be collected in person or can be posted via registered post. A learner may also nominate another person to collect the certificate, however these persons must be notified to Cocoon International College beforehand, and the person must provide photo ID to validate their identity.

Continuous Improvement

Cocoon International College is committed to the continuous improvement of our training and assessment services, learner services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

Suggesting Improvements

The primary method of reporting opportunities for improvement by learners is via the continuous improvement reporting procedure. This procedure allows any person to raise a Continuous Improvement Report for consideration by the Continuous

Improvement Committee. Often these reports will be generated after an opportunity for improvement has been identified by a staff member or learner. The Continuous Improvement Report template is available on request. Learners are encouraged to provide feedback to Cocoon International College so we can improve our services in the future.

Learner Satisfaction Survey

At the completion of your training program, you will be issued with a Learner Satisfaction Survey. This is a nationally consistent survey tool which is designed to collect feedback from learners about their experience with an RTO and in undertaking nationally recognised training. Your completion and return of this survey are important to Cocoon International College for our ongoing improvement of services and to enable us to report this information to our registering authority. Your assistance in gathering this survey data is greatly appreciated.

Assessment

At Cocoon International College assessment is conducted using a combination of Written Knowledge Assessment, Research Tasks, Case Studies, Work Logbook, Supervisor Feedback and Workplace Observation.

The following provides a brief explanation of the primary assessment methods:

- **Written Knowledge Assessment:** The learner is required to provide a written response to a range of questions relating to required knowledge of the units of competency. These would generally be short answer response activities and may include other questioning methods including multiple-choice.
- **Research Tasks:** The learner is required to undertake research within their own workplace and the available reference material and provide a written response to each question. These assessment activities are usually short to medium answer response activities. The responses provided by the learner will largely be specific to their workplace.
- **Case Study Response:** The learner is required to provide a written response to a situation presented in a case study scenario. This will usually require the learner to consider carefully the situation presented, undertake some research to inform their response and then to propose their recommended actions.
- **Workplace Logbook:** The learner is required to record details of their work activity completed during the work placement. These details are recorded against specified tasks which are predesigned for the learner to complete. This forms an important part of the assessment evidence as it often includes critical evidence that is otherwise difficult for the assessor to observe.
- **Supervisor Feedback:** The assessor will periodically engage with workplace supervisors to seek their feedback about the learner's performance. This is undertaken as an interview with a duration of approximately 15 to 20 minutes. This

interview can be undertaken over the phone or face to face. Feedback from a supervisor is recorded into the assessment record.

- **Workplace Observation:** The learner will be observed performing specific tasks in their day-to-day work activities. The assessor will attend the workplace and observe the learner performing tasks relevant to the units of competency being assessed. The learner will be briefed on these observation activities in events and is required to make arrangements to undertake these activities when the assessor is in attendance at the workplace.

Re-assessment

Learners who are assessed as not yet competent are to be provided with detailed verbal and written feedback to assist them to identify the gaps in their knowledge and skills to be addressed through further training. These learners are to be provided with additional training and learning support to target their specific gaps in knowledge and/or skills and prepare them for additional assessment.

It is the policy of Cocoon International College to provide three opportunities for additional training and re-assessment at no additional cost to the learner or employer. Learners who require additional training and re-assessment after they have exhausted their three opportunities will be required to pay a fee for additional training and re-assessment. Please refer to the current fee schedule to identify the re-assessment fee.

Learners requiring additional learning support are to be brought to the attention of Cocoon International College management so the progress of the learner can be monitored closely, and additional support services can be applied well before it becomes necessary to impose an additional fee for re-assessment. Where learners repeatedly do not demonstrate competence following significant learning and assessment support, a learner's enrolment can be determined through mutual agreement.

Reasonable Adjustment

Cocoon International College include reasonable adjustment and access and equity principles. Reasonable adjustment will be provided for students with individual learning needs (such as disability or learning difficulty) according to the nature of the learning need. The learning need that forms the basis of any adjustment to the training program will be identified and appropriate strategies will be agreed with the student. Any adjustments will be recorded in the students file and will not compromise the competency standard.

Reasonable adjustment as it applies to participation in learning and assessment activities may include:

- Customising resources or activities within a training package or accredited course
- Providing additional support
- Providing assistive or adaptive technologies

Plagiarism

All work that students submit must be their own. Students will have signed a declaration – or completed this online – at the start of each assessment that this is the case.

Plagiarism is taking someone else's work and/or ideas and submitting it without acknowledging the source. It is a form of cheating and is taken very seriously at Cocoon International College.

To assist you to understand, the following are some examples of plagiarism:

- Copying sections of text and not referencing or acknowledging where the information has come from.
- Using copy/cut and paste sections without proper referencing or acknowledging where they have come from.
- Presenting work that was done as part of a group as yours alone; and
- Using information – pictures, text, designs, plans, diagrams etc. – and not citing the original owner

Plagiarism is an offence and where found, work will be returned and marked 'Not Satisfactory' and may lead to the student being withdrawn from their training program.

Issuing Qualifications and Statements of Attainment

Cocoon International College will issue all AQF certification documentation (Qualifications and Statements of Attainment) to a learner within 30 calendar days of the learner being assessed as meeting the requirements of the training product if the training program in which the learner is enrolled is complete and providing all agreed fees the learner owes to Cocoon International College have been paid.

Language, Literacy & Numeracy Skills

Language, literacy and numeracy skills are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing, and comprehending written work instructions.

To support this approach Cocoon International College will:

- Assess a learner's language, literacy and numeracy skills during their enrolment to ensure they have adequate skills to complete the training.
- Support learners during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered.
- Provide clear information to learners about the details of the language, literacy and numeracy assistance available.

- Refer learners to external language, literacy and numeracy support services that are beyond the support available within Cocoon International College and where this level of support is assessed as necessary; and

What is a Complaint?

A complaint is negative feedback about services or staff which has not been resolved locally. A complaint may be received by Cocoon International College in any form and does not need to be formally documented by the complainant in order to be acted on. Complaints may be made by any person but are generally made by learners and/or employers.

What is an Appeal?

An appeal is an application by a learner for reconsideration of an unfavourable decision or finding during training and/or assessment. An appeal must be made in writing and specify the particulars of the decision or finding in dispute. Appeals must be submitted to Cocoon International College within **28 days** of the learner being informed of the decision or finding.

Early Resolution of Complaints & Appeals

In all cases, issues that arise during training and assessment that are the source of frustration or are in dispute should be resolved at the time, as they occur between the persons involved, where possible. Sometimes, it will not be possible and in these

cases you are encouraged to come forward and inform us of your concerns with the confidence that you will be treated fairly.

Complaint and Appeals Handling

Cocoon International College applies the following principles to its complaints and appeals handling:

- A person who makes a complaint or an appeal must be **provided a written acknowledgement** as soon as possible and **not later than 24 hours** from the time the complaint or the appeal is received. This acknowledgement is intended to provide the person assurance that Cocoon International College had received the complaint or the appeal and will review the relevant issues and provide a response. The acknowledgement must inform the person that they will receive a written response within 14 days.
- There is no time limitation on a person who is seeking to make a complaint. An appeal however must be made within 28 days of the person being informed of the decision or finding of which they intend to appeal.
- Written records of all complaints / appeals are to be kept by Cocoon International College including all details of lodgement, response and resolution. Cocoon International College will maintain complaints / appeals register to be used to record the details of the complaint / appeal and to maintain a chronological journal of events during the handling process. Records relating to complaint / appeal handling are stored securely to prevent access to unauthorised personnel.
- A person making a complaint or seeking an appeal is to be provided an opportunity to formally present his or her case at no cost.
- Each person may be accompanied and/or assisted by a support person at any relevant meeting.
- Where a complaint or appeal is made about or involves allegations about another person, Cocoon International College is obliged to inform this person about this complaint/appeal or allegation and provide them the opportunity to respond and present information in response to the issues raised. This may be achieved through direct meetings or meetings via an electronic means. Cocoon International College will maintain a detailed record of these meetings in the form of a record of conversation. At all times information must be handled sensitively and treated in confidence. Persons involved in a dispute or complaint should be reminded to treat each other with respect and conduct themselves in a professional and courteous manner.

- The handling of a complaint / appeal is to commence within **seven (7) working days** of the lodgement of the complaint / appeal and all reasonable measures are taken to finalise the process as soon as practicable.
- The person making a complaint or seeking an appeal is to be provided a written response to the complaint / appeal, including details of the reasons for the outcome. A written response must be provided to the person within **fourteen (14) days** of the lodgement of the complaint / appeal.

As a benchmark, Cocoon International College will attempt to resolve complaints / appeals as soon as possible. A timeframe to resolve a complaint / appeal within thirty (30) days is considered acceptable and in the best interest of Cocoon International College and the person making a complaint or seeking an appeal. A person making a complaint or seeking an appeal should also be provided with regular updates to inform them of the progress of the complaint / appeal handling. Updates should be provided to the person making a complaint or seeking an appeal at a minimum of two (2) weekly intervals.
- Cocoon International College shall maintain the enrolment of the person making a complaint or seeking an appeal during the handling process.
- Decisions or outcomes of the complaint / appeal handling process that find in the favour of the person making a complaint or seeking an appeal shall be implemented immediately.
- Complaints / appeals are to be handled in the strictest of confidence. No Cocoon International College representative will disclose information to any person without the permission of Cocoon International College Chief Executive Officer. A decision to release information to third parties can only be made after the person making a complaint or seeking an appeal has given permission for this to occur. This permission should be given using the Information Release Form.
- Complaints / appeals are to be considered and handled to ensure the principles of natural justice and procedural fairness are applied at every stage of the handling process. This means that the person making a complaint or seeking an appeal is entitled to be heard with access to all relevant information and with the right of reply. The person making a complaint or seeking an appeal is entitled to have their complaint heard by a person that is without bias and may not be affected by the decision. Finally, the decision must be made based on logical evidence and the decision-maker must take account of relevant considerations,

must act for a proper purpose and must not take into account irrelevant considerations.

- Further guidance on principles of natural justice and procedural fairness can be accessed at the following link: [Principles of Natural Justice and Procedural Fairness](#)

Informing Persons and Responding to Allegations

Where a complaint involves one person making allegations about another person, it is a requirement for Cocoon International College to hear both sides of the matter before making any judgements about how the complaint should be settled. A person who will be affected by a decision made by Cocoon International College as a result of a complaint has the right to be fully informed of any allegations and to be provided adequate opportunity to be heard and respond. The person has the right to:

- put forward arguments in their favour,
- show cause why a proposed action should not be taken,
- deny allegations,
- call for evidence to disprove allegations and claims,
- explain allegations or present an innocent explanation, and
- provide mitigating circumstances (information aimed at reducing the severity, seriousness, of something).

Cocoon International College also has an obligation to fully consider the substance of allegations and the response provided by parties before making a decision. Decisions must be communicated to the complainant and relevant persons' subject of allegations in writing. This is to include advising these persons of their right to seek a third-party review of decisions made by Cocoon International College.

Where an allegation is made that involve alleged criminal or illegal activity and it is considered outside the scope and expertise of Cocoon International College to investigate the matter, then in these circumstances Cocoon International College reserve the right to report these allegations to law enforcement authorities. Persons related to the matter involving alleged criminal or illegal activity will be advised in writing if this course of action is being taken.

Review by an Independent Person

Cocoon International College provides the opportunity for the person making a complaint or seeking an appeal who is not satisfied with the outcomes of the complaints and appeals handling process to seek a review by an independent person. Before a person seeks a review by an independent person, they are requested to first allow Cocoon International College to full consider the nature of the complaint or appeal and to fully respond to the person in writing. If after this has occurred, the person is not satisfied with the outcome, they can then seek a review

by an independent person. To request a review by an independent person, the complainant or the person making an appeal should inform the Office Manager of their request who will initiate the process with the Chief Executive Officer.

In these circumstances the Cocoon International College Chief Executive Officer will advise of an appropriate party independent of Cocoon International College to review the complaint (and its subsequent handling) and provide advice to Cocoon International College in regards to the recommended outcomes. The independent third-party is required to respond with their recommendations within fourteen (14) working days of their review being requested.

Where the Cocoon International College appoints or engages an appropriate independent person to review a complaint / appeal, the Cocoon International College will meet the full cost to facilitate the independent review. Where the person making a complaint or seeking an appeal object to this appointment and requests to engage a person or organisation they nominate to undertake the review, the Cocoon International College may seek the person making a complaint or seeking an appeal to contribute to the cost of engaging this person and undertaking the review.

Following an independent review, advice received from the independent person is to be accepted by Cocoon International College as final, advised to the person making a complaint or seeking an appeal in writing and implemented without prejudice.

Where a complaint is received by Cocoon International College and the Chief Executive Officer feels that they may be bias or there is a perception of bias, then the complaint is to be referred directly to an independent third-party for consideration and response as outlined above.

Unresolved Complaints and Appeals

Where the person making a complaint or seeking an appeal is not satisfied with the handling of the matter by Cocoon International College, they have the opportunity for a body that is external to Cocoon International College to review his or her complaint or appeal following the internal completion of complaint or appeals process.

Learners who are not satisfied with the process applied by Cocoon International College may refer their grievance to the following external agencies:

- In relation to consumer protection issues, these may be referred to the **Office of Fair Trading**.
- In relation to the delivery of training and assessment services, these may be referred to the **National Training Complaints Hotline** via the following phone number: 13 38 73.

Withdrawing from a Course

There are circumstances where a learner may finalise their enrolment early for personal or academic reasons. Where this is the case, the learner is requested to complete the form Application for Course Deferment / Transfer / Withdrawal. This provides the learner the opportunity to specify their reasons and select to indicate their preference to defer their enrolment, to transfer their enrolment to another course or to terminate their enrolment altogether. Where the enrolment is being deferred or terminated, learners will be issued a statement of attainment to recognise the outcomes they have achieved during their enrolment. A learner who defers and returns to complete a course will be eligible to recommence their training and receive a credit transfer for any completed units of competency. The Chief Executive Officer will review these applications, where possible is to interview the learner to understand their circumstances and is to record their decision using the section provided on the application. Learners are to be informed of this decision in writing.

Learner who are not Contactable or not Responding

Where a learner is not contactable or fails to respond to requests by the Cocoon International College, the learner's enrolment may be terminated in absentia. This action may only be taken where the Cocoon International College has made every reasonable attempt to engage with the learner or contact the learner to seek their instructions about their intentions to continue with or complete the applicable course. Advice received from a learner via email or phone conversation communicating their request is to be accepted where the learner is not willing to complete an Application for Course Deferment / Transfer / Withdrawal. Email records and written records of phone conversations are to be retained on the learner's file as evidence of these expressed instructions from the learner.

Before a learner's enrolment can be terminated without their written or expressed consent the following protocol is to be followed:

- A minimum of three attempts (four weeks apart) must be made using the last known contact details (email, phone, and mail) to contact the learner and issue the learner with a warning letter notifying them of the intent to terminate the enrolment.
- Where the learner fails to respond, the learner's enrolment is to be terminated and the learner's record within the student management system is to be updated with the outcome of "withdrawn" entered into each unit of competency that has not been completed at the time.
- Any final AQF certificate to which the learner is entitled is to be sent registered mail to the learner's last known mailing address. This should also be noted in the learner's enrolment record and a photocopy of the certificate retained on the learner's record.

- The learner's record is to be archived in accordance with the Records Retention and Management Policy.

Applicable trainers are to be informed of the learner's enrolment termination and advised to inform the Training Manager if the learner makes contact.

Recognition of Prior Learning

In accordance with the requirements of the Standards for Registered Training Organisations, Cocoon International College provides the opportunity for learners to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

What is Recognition?

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

Recognition Guidelines

The following guidelines are to be followed when an application for recognition is received:

- Any learner is entitled to apply for recognition in a course or qualification in which they are currently enrolled.
- Learners may not apply for recognition for units of competence or a qualification which are not included in Cocoon International College scope of registration.
- Whilst learners may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the learner down a more efficient path to competence.
- Learners who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.
- Assessment via recognition is to apply the principles of assessment and the rules of evidence.

- Recognition may only be awarded for whole units of competence.

Forms of Evidence for Recognition

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected, and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records.
- Records of workplace training.
- Assessments of current skills.
- Assessments of current knowledge.
- Third party reports from current and previous supervisors or managers.
- Evidence of relevant unpaid or volunteer experience.
- Examples of work products.
- Observation by an assessor in the workplace.
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence. Cocoon International College reserves the right to require candidates to undertake practical assessment activities of skills and knowledge in order to satisfy itself of a candidate's current competence.

Credit Transfer

Credit Transfer is the recognition of learning achieved through formal education and training. Under the Standards for Registered Training Organisations, units of competency issued by any RTO are to be accepted and recognised by all other RTOs (Registered Training Organisations). Credit Transfer allows a learner to be issued

a unit of competency based on successful completion of the unit which has been previously awarded.

Evidence Requirements

If you are seeking credit transfer, you are required to present your statement of attainment or qualification with a record of results for examination to Cocoon International College.

These documents will provide the detail of what units of competence you have been previously issued. You must provide satisfactory evidence that the statement of attainment or qualification is authentic, is yours and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework. You are required to submit copies only which are certified as a true copy of the original.

National Recognition Guidelines

The following guidelines are to be followed in relation to national recognition:

- Any learner is entitled to apply for national recognition in a course or qualification in which they are currently enrolled.
- Learners may not apply for national recognition for units of competence or qualification which are not included in Cocoon International College scope of registration.
- Whilst learners may apply for national recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the learner down a more efficient path to competence.
- The learner does not incur any fees for national recognition and Cocoon International College does not receive any funding when national recognition is granted.
- National recognition may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for national recognition and applicants will be advised to seek recognition.

Legislative and Regulatory Responsibilities

Cocoon International College is required to operate in accordance with the law. This means we comply with the requirements of legislative and regulatory requirements. The following legislation is a list of the Acts that Cocoon International College has recognised it has compliance responsibilities to. They also represent obligations to you as a learner whilst training with Cocoon International College.

Copyright Act 1968

Copyright is a type of property that is founded on a person's creative skill and labour. It is designed to prevent the unauthorised use by others of a work, that is, the original form in which an idea or information has been expressed by the creator.

Copyright is not a tangible thing. It is made up of a bundle of exclusive economic rights to do certain acts with an original work or other copyright subject-matter. These rights include the right to copy, publish, communicate (e.g., broadcast, make available online) and publicly perform the copyright material.

There is no general exception that allows a work to be reproduced without infringing copyright. Where a part of a work is copied, the issue is whether a substantial part of that work has been reproduced and thus an infringement has occurred. However, there is a 10% rule which applies in relation to fair dealing copying for the purposes of research or study. A reasonable portion of a work may be copied for that purpose, and a reasonable portion is deemed to be 10% of a book of more than 10 pages or 10% of the words of a work in electronic form.

Fair Work Act 2009

The main objectives of this Act are to provide a balanced framework for cooperative and productive workplace relations that promote national economic prosperity and social inclusion for all Australians by:

Providing workplace relations laws that are fair to working Australians, are flexible for businesses, promote productivity and economic growth for Australia's future economic prosperity and take into account Australia's international labour obligations.

Ensuring a guaranteed safety net of fair, relevant and enforceable minimum terms and conditions through the National Employment Standards, modern awards and national minimum wage orders.

Enabling fairness and representation at work and the prevention of discrimination by recognising the right to freedom of association and the right to be represented, protecting against unfair treatment and discrimination, providing accessible and effective procedures to resolve grievances and disputes, and providing effective compliance mechanisms.

National Vocational Education and Training Regulator Act 2011

This legislation provides that basis for the regulation of Registered Training Organisations in Australia. The legislation provides the basis for the establishment of the National VET (Vocational Education and Training) (Vocational Education and Training) Regulator who are the registration authority for RTOs. A core component of this legislation is that it defines the condition for the registration of an RTO which include:

- compliance with the VET Quality Framework
- satisfying Fit and Proper Person Requirements
- satisfying the Financial Viability Risk Assessment Requirements
- notifying National VET Regulator of important changes
- cooperating with National VET Regulator compliance with directions given by the National VET Regulator

National Code 2007

The National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007 is a set of nationally consistent standard that governs the protection of overseas students and delivery of courses to those students by providers registered on CRICOS – the Commonwealth Register of Institutions and Courses for Overseas Students. Only CRICOS courses can be offered to international students studying in Australia on a student visa. The National Code is established under the Education Services for Overseas Students (ESOS) Act 2000. To become CRICOS-registered a provider must demonstrate that it complies with the requirements of the National Code.

The objectives of the National Code are:

- (a) support the EDOS framework, including supporting the effective administration of the framework by the Australian Government and state and territory governments.
- (b) establish and safeguard Australia's international reputation as a provider of high-quality education and training by:
 - ensuring that education and training for overseas students meets nationally consistent standards, and
 - ensuring the integrity of registered providers
- (c) protect the interests of overseas students by:
 - ensuring that appropriate consumer protection mechanisms exist
 - ensuring that student welfare and support services for overseas students meet nationally consistent standards, and
 - providing nationally consistent standards for dealing with student complaints and appeals
- (d) support registered providers in monitoring student compliance with student visa conditions and reporting any student breaches to the Australian Government

The ESOS Framework

Cocoon International College is committed to providing quality education and protecting your rights.

The Australian Government required overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework, and they include the *Education Services for Overseas (ESOS) Act 2000* and the National Code.

CRICOS

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) is a database of Australian education institutions. Any education institution that recruits, enrolls or teaches overseas students, must be registered on CRICOS.

Education institutions must also register each course they offer to overseas students.

Each institution and course registered on CRICOS has an identifying CRICOS number. The institution number must be shown on all promotional material offered to overseas students. If there is no number, then the institution may not be registered to teach overseas students.

To determine if an institution or course is registered on CRICOS, please check the publicly available website [Commonwealth Register of Institutions and Courses for Overseas Students](#)

PRISMS

The Provider Registration and International Students Management System (PRISMS) is a secure computer system that is the information source for CRICOS.

Education institutions and their courses are listed on PRISMS, as is each student studying in Australia on a student visa. That is because this system interfaces with the Department of Home Affairs data.

Through PRISMS education institutions notify DHA of each student's enrolment in a course. This should occur before the student applies for a student visa to study in Australia. The enrolment information generates an electronic Confirmation of Enrolment (eCoE) as evidence of enrolment in a registered, full-time course. This eCoE is a key requirement for DHA to issue a student visa.

Education providers also use PRISMS to notify DHA of students who may have breached the terms of their student visa – for example when the student has not been attending classes.

PRISMS has reduced visa fraud and ensured education institutions keep track of the students in their care.

Protection for Overseas Students

Overseas students on a student visa, must study with an education provider in a course that be found on the Commonwealth register of institutions and Courses for Overseas Students (CRICOS) at [Institution Details - CRICOS](#). CRICOS registration guarantees that the course and the education provider at which study is undertaken meets the high standards necessary for overseas students.

The ESOS framework protects students' rights, including:

- The right to receive, before enrolling, current and accurate information about the course, fees, modes of study and other information from a provider and the provider's agent.
- The requirement to sign a written agreement with the provider before or as fees are paid, setting out the services to be provided, fees payable and information about refunds of course money. A copy of the written agreement will be kept by the student and Cocoon International College.
- The right to get the education paid for. The ESOS framework includes consumer protection that will allow students to be placed in another course if the provider is unable to teach the course.
- The right to know:
 - How to use the provider's student support services.
 - Who the contact officer is for overseas students.
 - How to apply for course credit.
 - How to apply for enrolment deferment, enrolment suspension or cancellation.
 - The provider's requirements for satisfactory progress in the courses of study.
 - How attendance will be monitored.

- How to use provider's complaints and appeals process.

The student responsibilities include:

- Satisfy the student visa condition.
- Maintain Overseas Student Health Cover (OSHC) for the period of the stay.
- Meet the terms of the written agreement with the provider.
- Inform the provider of any changes of address.
- Maintain satisfactory course progress.
- Follow the provider's attendance policy.

A full copy of the ESOS Framework is available at the following link: [Education Services for Overseas Students \(ESOS\) Framework](#)

Conditions of your visa

All international students applying to enter a training program being offered by Cocoon International College must:

- Be over the age of 18.
- Demonstrated good command of written and spoken English.
- Have completed and equivalent secondary schooling level of a High School Certificate or can demonstrate suitable work or life experience.
- Meet the following Student Visa 500 subclass requirements [Subclass 500 Student visa \(homeaffairs.gov.au\)](#)
 - Be a genuine temporary entrant
 - Meet English language test score requirements
 - Demonstrate financial capacity
 - Hold Overseas Student Health Cover (OSHC)
 - Meet the personal health requirements
 - Be of good character

Under the simplified student visa framework arrangements introduced in July 2016 streamlined evidentiary requirements apply and the student visa applicant may be able to satisfy the Department of their financial capacity and English language proficiency by declaration only. This is dependent on the level of risk rating of each student's visa application. This is determined by taking into account the risk rating allocated to the country from where the student originates combined with the risk rating allocated to Cocoon International College as a provider on the CRICOS register. The easiest way to determine the evidence required to satisfy the visa requirements is for the prospective international student to utilise the Document Checklist Tool provided with the Student Visa (subclass 500) requirements page [Subclass 500 Student visa \(homeaffairs.gov.au\)](#)

All students, regardless of the financial capacity and English language proficiency will continue to have to meet all other core visa criteria, such as the Genuine Temporary Entrant requirement and health and character criteria.

Working in Australia

If you have been granted your student visa, you will receive permission to work with your grant. This will also apply to any family member travelling with you on your student visa. You are not allowed to work until your course has started and you can work up to 20 hours a week while your course is in session (not counting any work undertaken as a registered component of your course of study). However, you can work more than 20 hours per week during recognised vacation periods offered by Cocoon International College and scheduled during the course. Family members of a student visa holder cannot work before the student's course starts unless at the time of applying for the visa, they, or the student visa holder, held another visa that permitted them to work in Australia. Family members of a student visa holder cannot work more than 48 hours a fortnight.

Further information about student visa conditions can be found at the Department of Home Affairs [Check visa details and conditions \(homeaffairs.gov.au\)](https://www.homeaffairs.gov.au)

Tax file number

You must obtain a Tax File Number to be able to work in Australia. This is available from the Australian Tax office [ATO Tax File Number Website](https://www.ato.gov.au)

Living in Australia Costs

International students are required to demonstrate and/or declare that they have genuine sufficient funds to be granted a student visa. This includes funds to cover travel, tuition and living expenses. Applicants may have to demonstrate sufficient funds to cover these expenses for the first, one, two, or three years in Australia, depending on their Assessment Level (AL).

While international students are able to supplement their income with money earned through part-time work in Australia, the 'living costs' requirement helps to support the success of students in their studies by ensuring that they do not rely on such work to meet all their expenses.

From October 2023 student visa applicants will need to show they have a minimum of AU\$24,505 in savings to cover annual living costs [Change to evidence of financial capacity for Student visas | Study Australia](#)

Notifying change of address

You must tell Cocoon International College:

- the address where you live in Australia within seven (7) days of arriving in Australia.
- if you change the address where you live within seven (7) days of the change.
- If you change education provider within seven (7) days of receiving the electronic confirmation of enrolment certificate or evidence enrolment.

Satisfactory Academic Performance

Enrolled international students at Cocoon International College must maintain satisfactory attendance in your course and course progress for each study period as required by Cocoon International College.

You are usually only allowed to repeat the subject once, if you failed any subject. You will not be able to move to the next stage of the course, if you failed a pre-requisite subject. It is a student visa condition that you must not be involved in activities that are disruptive to other students or Cocoon International College staff.

Schooling for dependants

In Australia children must attend school from five years of age until the completion of Year 10. Young people that have completed Year 10 must participate in full-time education, training or employment, (at least 25 hours per week) or a combination of these activities until they reach 17 years of age.

If you have school age dependants you will need to make arrangements for your children to enter school in Australia. Students from countries around the world enrol in Queensland government, independent and private schools every year. Queensland government schools are recognised for their excellent quality education programs.

Monitoring student attendance and progress

Under the National Code 2007 of the ESOS Act 2000, international students are required to maintain satisfactory course progress and attendance in order to successfully complete their program within the duration specified in the Confirmation of Enrolment (CoE) letter. An education provider can only extend the expected duration of study in limited circumstances, through issuing a new CoE letter.

Satisfactory course progress is defined as a student successfully completing all required subjects in their program in order to achieve the qualification. Satisfactory course attendance is defined as a student attending at least 80% of scheduled course contact hours for each study period. Cocoon International College monitors and records the course progress and attendance of students on a regular basis. We do this by monitoring successful completion of assessment tasks and class attendance via an attendance record that requires the student's signature at the start and end of a training day. A student who is identified as falling behind in successful assignment completion or having unacceptable attendance to scheduled sessions will be managed via a range of intervention strategies.

An intervention strategy is an individual student plan developed by the relevant faculty head aimed at improving the academic progress and attendance of a student. Intervention strategies may include additional learning support, counselling, training to develop study habits, or adjustment to the study program. Cocoon International College will do everything we can to assist students who want to learn and progress. If the intervention strategies do not result in any improvement, Cocoon International College will notify the student in writing of its intent to make a report to the Department of Education and of their right to access the complaints and appeals processes. This report may result in the cancellation of the student visa by the Department of Home Affairs.

Student deferral or suspension

Students, unable to attend for a period of time, may lodge an application to Defer Studies for approval by the Chief Executive Officer. Deferment is granted once only and for a period no longer than six (6) months. The return date will be at the discretion of the institute. A re-entry fee will be charged. Students will be advised of such requirements at the deferment interview. An application to recommence studies must be completed and approved by the Chief Executive Officer.

A student's enrolment may only be deferred or suspended where compelling or compassionate circumstances exist.

Cocoon International College appreciates that students experiencing difficult circumstances may need to temporarily take leave from their studies. Student visa holders are entitled to request a temporary deferment or suspension from their education provider where they have compassionate or compelling reasons to do so.

Compassionate or compelling circumstances are generally those that are beyond the control of the students, and which may affect their well-being or their progress such as serious injury, illness, traumatic experience, or the death of a close family member. It may also include when a student does not receive their visa in time, major political upheaval, or a natural disaster in the student's home country.

In these situations, the student is generally allowed to remain on a student visa, provided they are still enrolled in their course of study and intent to resume their studies.

Cocoon International College may also cancel or suspend the enrolment of a student for inappropriate behaviour. Where this occurs, the student will be notified in writing and be informed of their right to access the complaints and appeals process.

Change of education provider

Under the National Code 2007 of the ESOS Act 2000, international students are restricted from transferring between education providers to completing six (6) months of their principal course of study, unless they are given a letter of release or can demonstrate exceptional circumstances. Cocoon International College will only consider issuing a letter of release to a student who has a valid enrolment offer from another registered provider. Students must also complete an application to Transfer between Registered Providers form and refer to the Fee Refunds Policy. If granted, a letter of release will be issued at no cost to the student. Where a letter of release is not granted, the student will be provided with written reasons for refusing the request and be informed of their right to lodge an appeal.

Accommodation

Cocoon International College can help and provide assistance to overseas students in arranging suitable accommodation. Brisbane has many options for students including home stay, shared accommodation, serviced apartments and private leasing. Many of these accommodation options are close to Cocoon International College.

Some accommodation options include:

- Shared Accommodation. This involves sharing the apartment with one or more adults, you will have your own bedroom but will share household responsibilities (like cleaning and laundry). You provide your own linen and food and usually pay extra for services such as electricity, internet and phone.
- Rental Accommodation. By signing a legal contract with a landlord or real estate agency, you can rent an apartment or house – choosing from furnished to unfurnished (although unfurnished is more usual). You will be solely responsible for the cost of electricity, gas, water, telephone and groceries. Most real estate agencies require a bond equivalent to 4 weeks rent in addition to 2 weeks rent paid in advance and a letting fee which usually equates to 1 weeks rent.
- Homestay. Homestay is where students choose to live with an Australian family. You are provided with a bedroom and can use the family's home at leisure. However, there are a number of rules that you will need to familiarise yourself with and more information about this can be provided upon request.

Student resources

Cocoon International College provides students with access to a comprehensive range of written, video, and online resources. These materials may be accessed for study use.

Student counselling

It is important that students have access to a range of support mechanisms during their study. If students require assistance or counselling related to study or personal difficulties, they should speak initially with their trainer for referral to our Student Welfare Officer.

The Student Welfare Officer can suggest access to specialised support for those who may need further external help. All discussions regarding this are in the strictest of confidence.

Continuous improvement

Cocoon International College is committed to the continuous improvement of our training and assessment services, student services and management systems. Central to this commitment is our approach to continuous improvement and the procedures we apply to achieve systematic and sustained improvement.

The primary method of reporting opportunities for improvement by students is via the continuous improvement reporting procedure. The procedure allows any person to raise a Continuous Improvement Report for consideration by the Continuous Improvement Committee. Often these reports will be generated after an

opportunity for improvement has been identified by a staff member or student. The Continuous Improvement Recommendation template is available at reception on request. You are encouraged to provide feedback to Cocoon International College so we can improve our services in the future.

Your language, literacy and numeracy skills

Language, literacy and numeracy are critical to almost all areas of work. This is particularly true in many vocations where language, literacy and numeracy skills influence the performance of workplace tasks such as measuring, weighing, and comprehending written work instructions.

To support this approach Cocoon International College will:

- Support students during their study with training and assessment materials and strategies that are easily understood and suitable to the level of the workplace skills being delivered.

- Refer students to external language literacy and numeracy support services that are beyond the support available within Cocoon International College and where this level of support is assessed as necessary; and
- Negotiate an extension of time to complete training programs if necessary.

All records relating to complaints will be treated as confidential and will be covered by Cocoon International College's Privacy Policy.

Assessment arrangements

'Competent' or 'not yet competent'?

There are two possible assessment outcomes of competency-based assessment either 'Competent' that is you have demonstrated sufficient skills and knowledge or 'Not Yet Competent'. If you receive a not yet competent result – it is not something to get worried about. Sometimes there are simple but important things that you may have overlooked but need to be covered. You will be given specific feedback on which aspects of your performance and what needs to improve and additional training to support you to become competent.

Assessment attempts

You will be allowed to resubmit each task for each assessment three times, subject to course completion timeframes. If after three submissions (and additional training) you are unable to demonstrate that you are competent in the unit or units of competency, Cocoon International College may apply further charges for additional assessment.

The assessment environment

Cocoon International College, there is a strong focus in undertaking assessment as though you are working in a real automotive workshop. This approach is supported by our simulated work environment and local policy and procedure. At times the environment will be busy and specific items of equipment will be in high demand. This reflects the actual workplace environment. This requires that you plan your activities and work cooperatively with other students to complete your work.

Completion dates

These can vary and you will find a timetable provided to you which specifies assessment submission dates. You should work diligently to complete all assessment tasks by the due date.

Submitting authentic work

All work submitted must be your own work. Cocoon International College verifies this in the following ways:

- student confirmation and declaration
- additional verbal questions given to students on a random basis
- comparison of work style and quality for all work undertaken.

Graded assessment

Cocoon International College do not apply graded assessments.

Assessment methods

You are required to demonstrate your skills and knowledge across the applicable assessment tasks. Your assessor will gather sufficient assessment evidence from a range of sources using a number of different assessment methods. Depending on your course, the following assessment methods are used:

- **Observation of practical skills.** Practical demonstration allows the observation of skills integrated with knowledge during its practical application.
- **Project / Written Report / Case Study.** Students will be required to complete practical projects that simulate the workplace. Students are required to produce a range of written records or reports. Detailed instructions for these assessment tasks are issued to the student at the commencement of the unit.
- **Knowledge assessment.** Students are required to prepare responses to knowledge questions and activities. Knowledge questioning assessments will be provided to students by the assessor at an arranged time and the student will be required to individually complete the assessment. The student may research their answers from the course training materials and notes as well as other sources.
- **Role Play.** Students are required to demonstrate a range of tasks in whilst being observed by the assessor. This type of assessment may require the student to prepare and submit documents for use in the demonstration.

Submitting Assessments

Completed written assessments are due to be submitted either (a) electronically or (b) in some cases handed in to your Trainer (e.g., hard copy assignment, projects, portfolios etc.) by 9.00 a.m. on the date advised by your Trainer.

You are entitled to Three (3) attempts for each assessment, but only if each assessment is submitted by the due date and is complete. This means that when you submit your assessment (with all sections and questions complete) on time, but it is Not Yet Satisfactory (NYS), you will have another Two (2) attempts to demonstrate a Satisfactory (S) result.

If your first attempt is not submitted by its due date, or it is submitted but is incomplete, you will forfeit the first two attempts and only have One (1) final attempt to gain a Satisfactory result.

If you are NYS on the first attempt but fail to resubmit your assessment on the second attempt (resubmission) due date, you will forfeit your final attempt and will receive a Final Result of NYS for the assessment and a Final Result of Not Yet Competent (NYC) for the unit.

If your second attempt (the resubmission) is submitted on the due date, and a genuine attempt is made to rectify the gaps outlined by your trainer in Marking Guide feedback, but you are still NYS, you will have a final attempt to rectify the assessment. You have Three days from the day you receive assessment feedback from your trainer.

If you resubmit the assessment in its original state and no changes have been made, the assessment will receive a Final Result of NYS and no further attempts will be granted.

In order to gain your full qualification, you must demonstrate competency in each Unit of Competency in your course. If you fail to do so, you will be provided with only a Statement of Attainment for the units you have successfully completed.

Very Important

Please note: Students must submit complete work for all sections of the assessment, in order for the first attempt of the assessment to be accepted. Incomplete assessments will not be accepted, and the student will be advised that this is a non-Submission.

Training arrangements

The courses are delivered in a classroom environment and conducted face-to-face in Training sessions are trainer led in group sizes of no more than 20 students.
